PRESENTATION DATE: _____

A DIGITAL FIRST IMPRESSION

You are going to create a lasting impression of yourself by designing a multi-media presentation that showcases everything that is you. This project will include samples of the various types of projects that we will be working with during the course of this tech arts program. You will be designing and presenting a PowerPoint that will showcase yourself to the class.

WHAT YOU NEED TO KNOW TO BE SUCCESSFUL:

Use the following check list to help you determine what you need to include in your presentation.

- Clip Art -**
 - At least 3 different clipart images
 - Each image should represent you or a part of you
 - Each image needs to be organized with text
 - Each image needs to have animations attached to it

- Digital Photos -**
 - At least 3 digital photos
 - Photos can be ripped from a website or taken by you and uploaded
 - Photos need to represent you or different activities mean something to you
 - Each image needs to be organized with text
 - Each image needs to have animations attached to it

- Movie Wav -**
 - 1 movie wav file
 - Movie wav examples you can use: YouTube Clips or Personal Video
 - Clip must be school appropriate and should be of something you enjoy doing or watching
 - Clip should be over 30 seconds in length but not longer than a 2 minutes
 - Movie must be WATCHABLE in your presentation and not a LINK

- Animated Gif -**
 - At least 1 animated gif
 - Each animated gif should be a moving image of something that represents you

PRESENTATION DIRECTIONS

Build your presentation around the list concepts below:

- Slide Show-**
 - Slide Show should have at least 5 – 8 slides
 - Needs to include an intro and credit slide
 - Individual Slides should be titled
 - Slide Show needs to contain a **credit slide** which contains a list of the locations where the images came from used in the presentation

- Presentation-**
 - Presentation needs to have individual slide transitions.
 - Slides being presented must have unique backgrounds
 - Each slide must contain notes that, will be used as discussion points for the presenter
 - Presentation should be around 3 - 8 minutes (including the run time of the video)

PRESENTATION

- After you have created your presentation you will need to watch 3 other students presentations and fill out the presentation worksheet
