## A DIGITAL STORY

You are going to create a digital story that can be shared with the students at Intermediate and Primary schools. These stories are going to use the various features of PowerPoint to tell a story that will teach the students that listen to them a moral or lesson. The stories should contain various transitions and effects that make them creative and engaging to the listeners. The stories will be narrated and also have the text present so that reader can follow along with what is taking place.

### WHAT YOU NEED TO KNOW TO BE SUCCESSFUL:

Use the following check list to help you determine what you need to include in your story.

- Clip Art or Digital Photos-**
  - At least 3 different clipart/digital photos per slide
  - Each image should represent a part of the story
  - Each image should have a transition that is meaningful to the story
  - Images should match up with text or narration
  
- Story Text -**
  - Each slide has text (including cover)
  - Each slide should have text that describes the characters/images
  - Text should be grouped with images and appear with images
  - Text should contain characters that talk
  
- PowerPoint -**
  - Story should be over 7 slides in length
  - Slides should have a theme that makes sense to the story
  - Each slide should have a transition animation to move to the next page
  - Story should have a cover slide and a closing slide
  
- Story -**
  - Story needs to have a moral or teachable idea (ex: don't give up or be responsible)
  - Story needs to have a resolution that shows how the character learned the lesson
  - Story needs to have at least two characters
  - Story needs to have 1 setting
  
- PhotoShop -**
  - 10 images need to be photo shopped to help tell the story
  - 1 photo shopped picture should have the setting changed
  - 1 photo shopped picture needs to have one of the characters photo shopped
  - 1 photo shopped image needs to have clip art inserted into the image that the character uses

### PRESENTATION DIRECTIONS

- Presentation-**
  - Story should be over a minute in the length when read
  - Presentation has credits at the end of the story
